My name is Manjeet Singh. I am 47 Years old. Since long time I have been suffering from both **knee joints pains**. Due to hectic work schedule I had **tension** and whole day I was feeling **heaviness in head**. At the same time I had a **problem of digestion**. Due to **acidity** I was feeling panic all time. After performing Sonography I came to know that I have a **lump in kidney**. After knowing this I was completely tensed. One day one of my Doctor friends recommended me wellness Noni and asked me to start consuming it. I started taking wellness Noni dosage according to doctor's given guideline. Within two to three weeks my knee joints pain got disappeared and now I am feeling relaxed mentally. Also my digestion problem is getting good. Due to lump in kidney I had a back pain but now it is gone. Later on after having sonography I came to know, that my kidney lump has become small in size. I wish and I believe that within short point of time I will be fine like anything.

I am glad and thankful to Wellness Noni

My name is Jayaben and I am 56 years old. Since last 4 years I was having **low back pain** and also both **knee joints pain**. I was having **difficulty in sitting and walking** and also some times I could not get up freely. While stepping up the stairs case I was forced to sit on the way for 2-3 times. I was not able to do my routine work nicely. For my problems I took so many medicines but did not get any benefits. One day my husband brought me one Wellness Noni, and after making use of Wellness Noni for few days there was improvement in my pain and slowly and gradually pain reduced. In my right leg there was a Calcanium Spur. Due to that I was having too much pain while walking and for this I took Steroid Injection for long time. In that also I got relief.

After consuming Wellness Noni for 3 to 4 months I got relief nearly 90%. I feel that my pain is disappeared. I can do my routine work nicely.

Thanks to Wellness Noni.
