

Ram Raj Bishwar das
Abohar,
Punjab

My name is Ram Raj and I am located at Punjab. On 6-6-2007 I and my family members got to know that our daughter is suffering from **cancer**. She was having treatment at Bikaner and more other places. Day by day the problem was increasing like anything and was not getting any kind of proper solution. Ramavtar told me about Wellness Noni and its advantages. From that day to this day now she is feeling fine and almost two months have been completed. Now she is capable of doing home work, approx 40 to 50 percent she has truly recouped from earlier.

Thanks to Moneta group.
