

Jeevanlal Patel
Manekbaug,
Ahmedabad.

My name is Jeevanlal Patel, I am having construction business. As a trustee I discharge my duty in Jagannath Temple in Ahmedabad. Due to heavy and busiest work I could not give any attention to my skin disease [Eczema]. As a result Eczema reached to incurable state. Meanwhile in between I took treatment from many places but could not get any good result. I got information about Wellness Noni from one of my friends. They explained me about the benefits of Wellness Noni, for this matter I discussed with my family doctor and my family doctor also advised me to take Wellness Noni. Since last 6 months I am consuming Wellness Noni regularly. I am proudly happy to announce that my eczema disappeared completely.

I urge to my friend those who are having skin disease, old incurable disease, I would like to tell them to take Wellness Noni.

Thanks to Wellness Noni
