

Manibhai Mangalbai Pate I

My name is mani bhai. I am 72 years old. I was having headache poor vision back pain. Then one day I saw an article regarding wellness noni in newspaper. Immediately I purchased wellness noni and started consuming it. After using wellness noni few days my back pain poor vision and headache visibly reduced. I found activeness in myself. I talked to most of my friends about wellness noni and advised them to start wellness noni in such type of my problems. My friend had diabetes and he also used wellness noni and he got relief. I am using it regularly and benefited. If it is completed I will have a new one thank you.
