

**Laljibhai Kanjibhai
Vanthali, Srath,
Junagadh.**

My name is Laljibhai Kanjibhai and I am 70 yrs old. Since last 6 months I was having **difficulty in passing urine** and it was very less and oftenly urine was passed drop by drop. Due to that many times my cloths became spoiled. I consulted to my family doctor and he suggested me some investigation to be done. I had undergone for Ultra Sonography, in that he found that I had an **Enlargement of Prostate**. He advised me for operation but my heart did not allow me to go ahead. Meanwhile my elder son brought me Wellness Noni which is an Ayurvedic medicine. Within a few days I got my **urination** freely. After the consumption of Wellness Noni for 2-3 months today I am very well. I am not going for urine now and then. Flow of urine comes freely. And my clothes also remain clean.

Many Thanks to Wellness Noni.
