Shahi baug,
Ahmedabad.

My name is Manjeet Singh. I am 47 Years old. Since long time I have been suffering from both **knee joints pains**. Due to hectic work schedule I had **tension** and whole day I was feeling **heaviness in head**. At the same time I had a **problem of digestion**. Due to **acidity** I was feeling panic all time. After performing Sonography I came to know that I have a **lump in kidney**. After knowing this I was completely tensed. One day one of my Doctor friends recommended me wellness Noni and asked me to start consuming it. I started taking wellness Noni dosage according to doctor's given guideline. Within two to three weeks my knee joints pain got disappeared and now I am feeling relaxed mentally. Also my digestion problem is getting good. Due to lump in kidney I had a back pain but now it is gone. Later on after having sonography I came to know, that my kidney lump has become small in size. I wish and I believe that within short point of time I will be fine like anything.

I am glad and thankful to Wellness Noni
