I had a problem of **leucorrhoea** earlier and due to my disease I had to face so many problems at the same time. Even my **temperament was getting short**. I had taken so many medicines and had shown to so many doctors but did not receive any kind of solution. Then one day my husband bought Wellness Noni for me. After using Wellness Noni I am fine now and getting good on my health. I really am sure that I will be absolutely fit and fine.

Thanks a lot.
